

If you see

# I.C.E

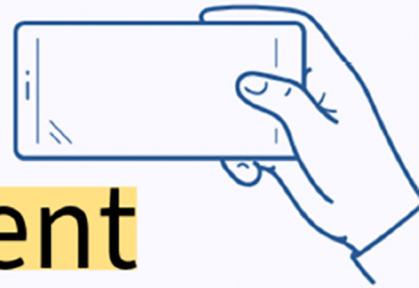

in public

Immigration and Customs Enforcement (ICE)

## Verify

- Confirm that they are I.C.E. agents and not a different law enforcement agency.
- Pay attention to the words that appear on their uniform and write them down. Uniforms may identify them as ICE or CBP but may also say POLICE.

## Document

You have the right to record as long as you don't interrupt the arrest and announce that you are filming.

- If you feel safe, take video or photos of what the officers are doing and note how many officers are there.
- Write the time, date and the exact location of the encounter. Timestamp when they show up/leave.

## Share

Once Verified, share this information with your networks.

Please make sure you only share verified information. We do not want to enhance further stress, fear and anxiety for our immigrant communities.
